

Can there be any help for
me Oh how I need it I am
in such darkness and suffering
and seem to be nearly drowned
I lived on earth ~~as~~ an abundant
and caused the death of many
untorn babes and many fathers
and mother

Can you imagine what my torment is
when these mothers come to
me in all their sufferings and griefs
and tell me that their earth life
was cut short by me and that the
sundered babes are now poor little
orphaned spirits who have lost
the mother's love taken from
them and having no one
but strangers who to look after
them

How I suffer and what it is
to wish that I could see in
conscience and rectitude as

I died in my physical body but I
cannot die it must be put
and die all this misery

Oh help me if you can
